Pink is a fluffy unicorn dancing on rainbows,  
Pink is a rose on a summer day,  
Pink tastes of strawberry smoothie on a hot day,  
Pink feels like the petal of a cherry blossom,  
Pink smells like cotton candy at a fair,  
Pink is a sunset on a summer evening.

Eagle,

Gigantic, scary,

Hunting, flying, pecking,

Flying through the day,

Predator

Cheetah,

Spotty, yellow,

Pouncing, growling, running,

Racing through the night,

Predator

Blue is the soccer ball rolling across the field,  
Blue is the waves crashing in the ocean,  
Blue is the balloon dancing in the sky,  
Blue is a tissue box sitting on the teacher's desk,  
Blue is Paterson cheering for their mates,  
Blue is a cupboard being suspiciously opened by Mr Cowley,  
Blue is a pool being swam in,  
Blue is a texta being scratched on the paper,  
Blue is a pencil case sitting on Michael's desk,  
Blue is a car racing down the motorway.

Black hole,  
Deadly, dense,  
Fast, gravitated, stretchy,  
It will grow larger,

Black hole

Yellow is the taste of lemon juice swishing through my mouth,  
Yellow is the sound of autumn leaves swishing to the ground,  
Yellow is the sound of Lawson screaming their annoying song,  
Yellow is the taste of banana bread melting in my mouth,  
Yellow is the feeling of annoying bees stinging me,  
Yellow is sunflowers singing in the sun.

Bulldog,

Cuddly, loving,

Sleeping, fighting, licking,

Begs for its food,

Lazy

Tiger,

Ferocious, dangerous

Prowling, sneaking, camouflaging,

Running after its prey,

Predator

Blue is the calmness of slow waves,  
Blue is the moon in the dark midnight sky,  
Blue is the stinky cheese everyone dreads,  
Blue is the ice that has been in the freezer too long,  
Blue is the depression of the homeless,  
Blue is the deep dark depths of the ocean.

### The Snow leopard

In the winter snow  
In the snow the leopard lies  
Waiting for its prey

### The Panther

In the dark night  
The hungry panther blends in  
With the dark sky

## Green

Green is the sound of dew dripping from a fresh leaf,  
Green is the taste of fresh salad from my garden,  
Green feels like leaves brushing past me as I run in the cross  
country,  
Green is Kendall cheering for their team,  
Green smells like freshly mown grass in my backyard,  
Green is the tall trees in the Amazon Jungle,  
Green is the sound of fresh leaves being blown away by a gust of  
wind,  
Green is the sound of Mr C shouting at Siddharth,  
Green is the taste of delicious ice-cream from the ice-cream van.

Gold is a dot glistening beneath the soil waiting to be discovered,  
Gold is the finest silk waving in the soft breeze,  
Gold is the Heaven above us moving in the breeze,  
Gold is the abandoned coin gazing above for it's owner,  
Gold is the masses of treasure hidden underneath planks under the  
ocean.

Yellow is the sun on a bright, beautiful day,  
Yellow is the fuzzy fur on a stripy bumble bee,  
Yellow is the happiness of the joyful,  
Yellow is the colour of t-shirts of the kids in Lawson screaming  
their encouraging chants,  
Yellow is the smelly cheese sitting in the bright sun,  
Yellow is the roaring lightning on a stormy night,  
Yellow is sunflowers swaying in a quiet field,  
Yellow is a handball leaping across the handball courts,  
Yellow is the hot, soft sand laying beneath my feet,  
Yellow is the bright highlighter drawing across a white piece of  
paper,  
Yellow is a coin glistening in the sun.

Galaxies,  
Huge, packed,  
Growing, consuming, spinning,  
Spinning around the universe,  
Galaxies

By Siddharth I

Blue is the breeze blowing gently in the sky,  
Blue is the waves crashing onto the soft sand of the beach,  
Blue is the taste of a blueberry smoothie,  
Blue is the whooshing lightning striking the sea,  
Blue is the flaming speed of a rocket ship crash landing.

Green is luscious long grass dancing in the wind  
Green is a freshly made cold mint ice-cream  
Green is a timid leaf swaying in the wind  
Green is the moss, waiting for its time to come  
Green is the seaweed screaming in agony for mercy  
Green is the fresh rainforest being drenched in cool rain  
Green is an egg timer, running out of sand  
Green is milk, which has lay in the fridge for too long

## Friendship

In everyone's hearts,  
Friendship is the power there.  
It's what connects us.

Yellow is the gazing sun in the warm summer air,  
Yellow is the humming of a bee flying in the summer breeze,  
Yellow is the sour taste of lemon in the air conditioned kitchen,  
Yellow is the sweet banana just picked from the tall, graceful tree,  
Yellow is the warm sand sizzling on your feet,  
Yellow is the beautiful colour of an astonishing sunset.

Blue is the bright sky on a perfect day,

Blue is the waves crashing onto the soft sand,

Blue is the sea salt from the ocean floor,

Blue is a scrumptious berry smoothie fresh from the dancing blender,

Blue is a juicy berry being squashed in your mouth.

Yellow is the dandelions dancing in the breeze

Yellow sounds like a bomb jumping to explode,

Yellow smells like cheese standing,

Yellow is the pizza sizzling in the pan,

Yellow feels like bananas yelling constantly.

Green looks like the long blade of the lightsaber belonging to the greatest Jedi  
in the universe,

Green looks like the bright light of the beeping traffic lights,

Green feels like the joy of Charlie being happy,

Green is the pencil running away to Movieworld,

Green is the iPhone cover that can do anything,

Green is the colour of the bright light of a fabulous sun.

A ninja is black,  
He is autumn  
In the forest,  
He is rain,  
A ninja is a helmet,  
A sword,  
He is a ninja movie,  
A smoking pig.

There once was a big fat mole,  
That started to dig a hole,  
He fell on his back,  
Then saw a big sack,  
That mole loved to dig his hole.
