Dear Parents,

As part of our school sport program this term, we are offering students a variety of sport options for your child. These additional sports do come at a cost and are not compulsory. Your child is also able to participate in sports run by teachers which are at no cost.

In order that we know our numbers and can cost effectively offer these sports, we are doing this on a 'first in' basis. We understand that there could be more children wanting the same sport so we ask that you please indicate 1st and 2nd options. If the numbers are still too high we would look to offer the sport again in Term 3. We would like you to decide on which sport your child/children would like, select Option 1 and 2 and then return the permission note immediately to the teacher indicated. Once the note is in and your child/children have been given their choice we ask that you pay. You will know if your child is successful by a return note from the school.

Below is a list of the sports that we are offering. If you wish your child to participate in these sports we ask that you complete the permission note clearly stating which sport you wish your child to participate in and have the note back to school immediately. Payment will be required on advice as to which sport your child is able to participate in.

The venues for the sports are provided below.
