Today is Thursday the 21st of October

English: Reading

Crunch & Sip + Fitness Grid

Handwriting

Speaking and Listening

Recess

Mathematics: Division/Sharing

Lunch

PDHPE and Sport

Complete the online reading quiz. Try to do it on your own.

1. Click on the google form link for your class.

2P: <https://forms.gle/m8ipJppHutceEGFB8>

1. Read the text carefully.

2A: <https://forms.gle/DfsHUE6BQiXoryop9>

1. Type your answers and check that they make sense. (Remember to look for the answers in the text.)

2M: <https://forms.gle/vzGfYb67z9ujhCHh8>

1. Click submit.

2D: <https://forms.gle/Df1YBu1z9YYHy8fz6>

Handwriting

WALT: write the letters Ee and Ff with consistent size and slope

1. Trace the letters and write your own underneath.

1. Write a list of 5 nouns starting with the specific letter

E E E E E E E

E

e e e e e e e e

eat

eat

see

see

Handwriting

1. Trace the letters and write your own underneath.
1. Write a list of 5 names starting with the specific letter

F F F F F F F

f f f f f f f

for

for

from

from

Speaking and Listening

WALT: write an impromptu speech and read it with confidence and expression.

What is an impromptu speech?

Usually when you present a speech in front of the class you would spend time at home brainstorming your ideas, writing a speech and practicing it. An impromptu speech is different because you are given the topic only minutes before presenting in front of an audience. This teaches us to form ideas quickly and present with confidence.

Task:

Set a timer for 5 minutes. You have this time to brainstorm ideas for your speech. Write down a few important points. After 5 minutes, present your speech to a soft toy or sibling.

Use the next page to organise your ideas.

Topic:

When I grow up I would like to be...

Planning Page

Topic: When I grow up I would like to be...

Introduction

Reason One

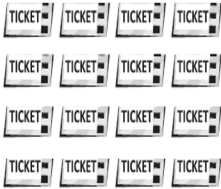

Reason Two

Reason Three

Mathematics

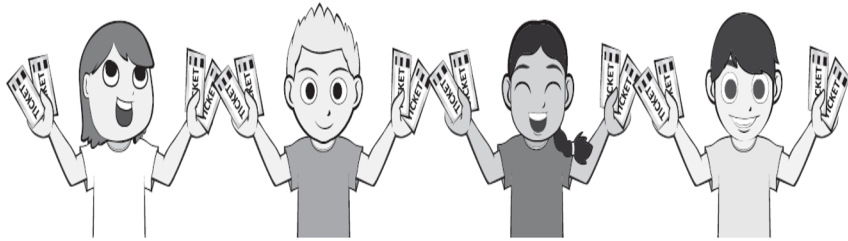

We are learning to (WALT): understand the concepts of 'fair share' and 'remainder' when we are dividing.

Here are 16
show ride tickets.

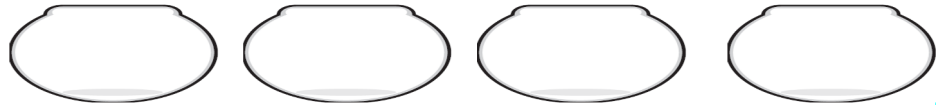

We want to share them
between 4 children.

If we share the tickets out evenly, every child gets 4 tickets. Yay!

We call these **fair shares** because each share is equal.

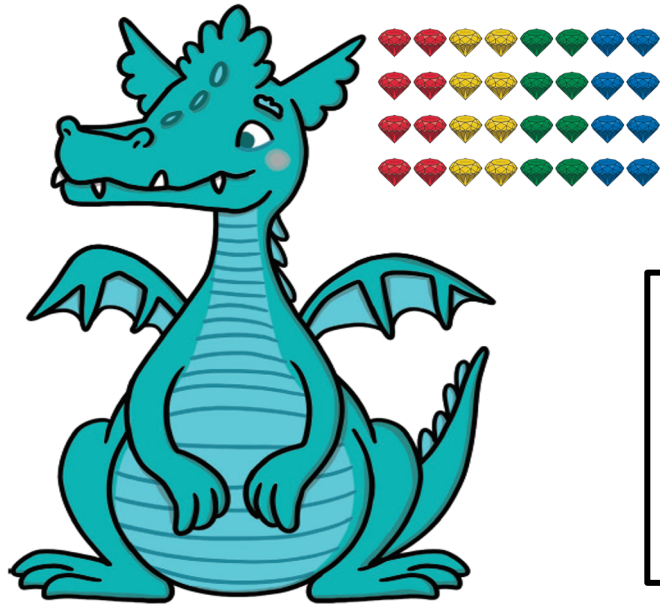

Activity 1: Draw 16 fish, sharing them between four bowls. Each bowl should have the same number of fish.

Activity 2: Draw 4 yards. Share 24 animals fairly between the yards. How many animals are there in each yard? Draw your answer.

Sometimes when we try to make fair shares, we have leftovers. We call the leftover amount the **remainder**.

Dan the Dragon

Activity 3: Dan, the dragon would like to share his 40 gemstones with his friends fairly. How many will each friend get if he shared his gemstones fairly between:

2 dragons

3 dragons

5 dragons

6 dragons

Example:

40 gemstones shared between 2 dragons
Each dragon gets 20 gemstones.
No leftovers

PDHPE

We are learning to (WALT): stay safe at the beach.

Activity 1: Match the pictures to the correct descriptions.

Watch this video on safety at the beach.

https://www.youtube.com/embed/3_6mP_vLU5s

Swim at a lifeguard patrolled beach.

Wear a hat with a wide brim.

Swim between the flags.

Apply sunscreen regularly.

Drink water to stay hydrated.

Can you think of some more ideas to stay safe at the beach?

Activity 2: Look closely at the picture

Some people on this beach are not being safe around water.

- Circle all the dangers you can see.
- How each situation could be made safer? Write sentences.

Example:

The boy should not be eating when he is in the water. He should finish his lunch before he goes into the water.

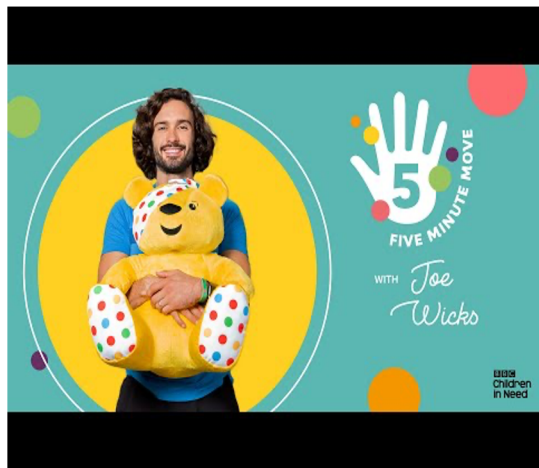

Sport

We Are Learning To (WALT): improve our fitness and learn a new skill.

Activity 1: Go on YouTube (with your parents permission) and follow this video.

<https://www.youtube.com/embed/v2zd6CyzZTc>

Activity 2 : Push-ups

- Do push-ups for a minute.
- How many can you do?
- Can you do push-ups with one hand or one foot?
- If it is hard, you can do push-ups with your knees down.
